DESCRIPTION

An excellent opportunity to acquire a well-equipped Cranchi Endurance 39, a stylish Italian sports cruiser combining timeless design, impressive performance and comfortable onboard accommodation. Built by the renowned Cranchi shipyard, this 11.95-metre cruiser offers an ideal combination of performance, practicality and luxury, making her perfectly suited for Mediterranean cruising, entertaining and extended weekends at sea. Powered by twin Volvo Penta KAD300 diesel engines, each producing 285 hp, she delivers excellent handling, responsive performance and reliable cruising capabilities.

The spacious cockpit provides generous seating and entertaining areas, complemented by a wet bar, refrigerator and a full camper enclosure. A large bow sunbathing area and an extended bathing platform provide additional spaces for relaxing and enjoying the water. Below deck, the accommodation comprises a comfortable private cabin, a convertible saloon, a fully equipped galley and a separate bathroom. Air conditioning and heating ensure comfortable onboard living throughout the year.

A standout feature of this particular vessel is her brand-new Paguro marine generator, providing independent electrical power while cruising or at anchor. Additional features include a comprehensive Raymarine navigation package, bow thruster, underwater lighting and a tender garage.

This Cranchi Endurance 39 offers a compelling combination of Italian craftsmanship, practical accommodation and an extensive equipment inventory.

Available for viewing in Malta.
