DESCRIPTION

“Golden Age” is a very well equipped 2014 model year Sessa C-68.

It is Malta VAT paid, one owner from new and full service history available upon request. Equipped with the Volvo PS1200, “Golden Age” delivers a maximum speed of 36 knots.

At a cruising speed of 22 knots, fuel consumption is 190L/hr. The boat was designed with 3 cabins and 3 en-suite heads, with a amid-ship master cabin and a sizeable crew cabin that is accessible through the engine room or through the aft cockpit.

The DPS (Dynamic Positioning System) coupled with the installation of the yacht controller makes “Golden Age” very easy to manoeuvre, even for the less experienced boaters.

ACCOMMODATION

Golden Age is a 3 cabin version with a main mid-ship Master cabin with en-suite on starboard side, forward VIP and twin to port.

There is also a crew cabin between the engine room bulkhead and the Master cabin with 2 bunks.

On the main deck you find a saloon as you enter with a lovely bar on Port-side, dining table forward and helm station on starboard.
