DESCRIPTION

LADY ANNA is a beautifully specified 2016 Sunseeker 86 combining striking design, exceptional volume and impressive performance in one highly desirable package. Powered by the rare twin MAN V12 1900 engine configuration, she delivers effortless cruising performance together with the comfort, refinement and handling expected from Sunseeker's flagship yacht range.

One of the yacht's most distinctive features is her rare white flybridge hardtop, giving LADY ANNA a cleaner, more modern and elegant profile that immediately sets her apart from other Sunseeker 86 models currently on the market.

Designed for Mediterranean cruising and entertaining, the yacht offers expansive exterior living areas including a spacious flybridge with wetbar, BBQ, lounging areas and crane, together with a generous aft cockpit and foredeck sunbathing space. Her luxurious interior combines contemporary styling with premium finishes throughout, creating a warm and refined atmosphere ideal for extended stays onboard.

Additional highlights include hydraulic stabilisers, upgraded Simrad navigation package, hydraulic bathing platform, passerelle, underwater lights, KVH satellite TV system, upgraded audio visual systems, bow and stern thrusters, premium Miele galley appliances and crew accommodation for four.

LADY ANNA represents an outstanding opportunity to acquire a highly specified and exceptionally rare example of the ever-popular Sunseeker 86.
