PRINCESS F55 – HEAVEN IV

EUR 1,650,000 - TAX PAID

yachthubgroup.com

DESCRIPTION

HEAVEN IV is a 2019 Princess F55 presented in impeccable condition, a prime example of what a yacht of this age should look like. Powered by twin Volvo Penta D13-900 diesel engines of 900 hp each, she has low engine hours of 450 and 850 hours on her Onan 17.5 kW generator. She is VAT paid, with an asking price of €1,650,000.

Her specification includes a Seakeeper NG9 gyro stabiliser, Garmin navigation equipment at both helm positions, joystick controls, a variable-speed stern thruster and a third control station in the cockpit. The GRP flybridge hardtop has an electrically opening fabric section, while an electro-hydraulic bathing platform and telescopic passerelle support easy access to the water and shore.

A white hull and satin walnut interior are complemented by Allure Collection I detailing. Three guest cabins accommodate six, with two guest heads and a separate single aft crew cabin with WC and shower. Tropical air conditioning, a flybridge barbecue, foredeck sunbeds, underwater lighting complete an appealing specification.
