RIVA CORSARO 100 -

EUR 8,900,000 - TAX NOT PAID

yachthubgroup.com

DESCRIPTION

This Riva Corsaro 100, hull no 24 was delivered to its owners in April 2022. The yacht is currently owned by a Company but it is operated as a private yacht. A bespoke Sacs strider 10 was commissioned by its current owner to accompany the yacht as a tender. The owner is looking to upgrade to a bigger yacht and thus the reason why he decided to sell this great example of the Riva range. The Yacht is crew maintained throughout the whole year.

The Yacht was equipped with a Frequency Converter allowing for the yacht to be used in the US. The Riva Corsaro 100 has 5 cabins, 4 located on the lower deck and Master Stateroom located on the main deck level. Its current owner converted one of the guest cabins to a gym, however, he designed this in a manner that can be reconverted with ease to the guest cabin. Furthermore, the current owner upgraded various furniture to Minotti loose furniture. The Yacht has very low engine hours and is well equipped as it can be evidenced in the attached list of extras.

Any additional information can be shared with parties that register their interest with us.
