DESCRIPTION

The SACS Strider 15 “Swayed” is a striking example of Italian design and performance, blending aggressive styling with exceptional comfort and versatility. Measuring just under 16 metres, she delivers the presence and capability of a much larger vessel while maintaining the agility and ease of use that define the Strider range.

Designed for both entertaining and extended days at sea, “Swayed” offers generous deck spaces with multiple lounging areas, seamlessly connected to create a sociable and flowing layout. The walkaround configuration ensures safe and effortless movement on board, while the deep-V hull guarantees a smooth, stable ride even in more demanding conditions.

Powered by twin Mercury V12 600HP engines, she delivers exhilarating performance with effortless cruising, making her equally suited for relaxed coastal cruising or high-speed passages between destinations.
