DESCRIPTION

“Bravo” — 1 of 1 Custom – Enhanced – Exclusive

THE GOLDEN EDITION DIFFERENCE

The Golden Edition philosophy is simple: elevate the ownership experience beyond the standard build, focusing on seakeeping comfort, ease of handling, independence at sea and premium outdoor living.

Key Golden Edition enhancements include:

Fin stabilisers – a highly sought-after upgrade that dramatically improves comfort both at anchor and underway, rarely found on comparable Predator 57s

Bow & stern thrusters – providing precise, stress-free manoeuvring in all conditions

Xenta Docking System – at helm and aft

Water maker – enabling extended cruising without reliance on marina facilities

Hydraulic 3-stage gangway with stern docking winches

Hydraulic swimming platform

Underwater lighting package for an elegant nighttime presence

Premium cockpit entertainment setup, including BBQ and icemaker

Upgraded sound and AV systems for a refined onboard atmosphere

Additional thoughtful enhancements aimed at long-term, owner-operator enjoyment

This carefully selected combination of upgrades places Bravo well above typical market offerings and aligns her with a more modern ownership expectation.

SPECIFICATIONS
