DESCRIPTION

Boat Description

An exceptional example of the iconic Sunseeker Superhawk 43, this 2007 model combines striking performance with refined British styling and has recently undergone a major overhaul to bring her to an outstanding standard.

Powered by twin Volvo Penta D6-350 diesel engines (700HP combined), she delivers exhilarating performance with confident handling and strong mid-range torque. Engine hours are just under 700 hours, reflecting sensible private use.

Recent Investment & Condition

Last winter, the vessel underwent a comprehensive refit and overhaul at a cost of approximately €90,000, with all invoices available. This significant investment ensures mechanical reliability, cosmetic freshness and overall peace of mind for the next owner.

Additional recent upgrades include:

- Brand new bimini / camper cover
- Both cockpit tables fully refurbished
- New generator (under 10 hours).

Layout & Experience

The Superhawk 43 is known for her sleek, performance-driven profile combined with a highly social cockpit layout. Large sunpads, generous seating and a sporty helm position create the perfect setting for fast coastal runs or stylish days at anchor.

Below deck, she offers:

- Two cabins
- Comfortable saloon
- Galley
- Enclosed bathroom
- Accommodation for 4–6 persons overnight

Her combination of speed, recent investment and timeless Sunseeker design makes this a compelling opportunity for anyone seeking a refined performance cruiser in turnkey condition.
